WATER DEPARTMENT ACTIVITY REPORT

OCTOBER 2012

- Started and extended 8" water main into Phase 2 of Cobblestone Estates and crossed into Windset Ct. with 6" to be across street for road construction
- Installed 4 sleeves under Hampton Dr. for future service runs for road construction work to begin
- Met with Peavler and Plan B Construction on road construction conflicts with utilities
- Went back to start of 8" water main on Hampton and removed dirt and added rock to base up where trench was soft under curb
- Met with engineer and survey crews on Switzler to give depths of water and sewer mains
- Met with Bruce Kasubke on future boring sites for fiber installation and possible conflicts for Chances
- Dug down on top of sewer main behind Intermediate School to investigate large hole after camera work found large void in pipe installation. Corrected with piece of pipe and two repair bands
- Repaired two spots on primary cell at N.E. Lagoon (muskrats) with bentonite and added clay
- Repaired lime pond berm behind Water Plant with clay
- Seeded and strawed 6 dig sites
- Flushed sewer main from E. Sims to Miles to open blockage
- Flushed sewer main at Worthington Ct. to assist resident with blockage – their problem
- Made water tap and ran service at 453 Adams for new garage
- Made new water tap at 201 Switzler for Tom Hale
- Raised meter jar to meet grade for concrete at Jodie Laundry and added dirt
- Fixed leak on meter at 816 Countryland
- Cleaned both basins at Water Plant
- Changed leaking key valve at #61 Tidball Trailer Court
- Pulled and cleaned mop head that was stuck out of pumps at Fountain Road Lift Station
- Put new hydraulic hoses on to pump for lime cleaning
- Flushed all fire hydrants for fall season
- Oiled and serviced 5 hydrants that were not working well
- Inspected sewer capping at house belonging to School on S. Rollins
- 12 disconnects for nonpayment
- Read all utility meter for office use
- 25 readings for office confirmation

STREET AND SANITATION DEPARTMENT
